

# HERITAGE EXPLORERS: ACTIVITY BOOKLET

**A.N.D**

AN ILLUSTRATED GUIDE TO  
**SPACE EXPLORATION**

ALBERT SAYS...

Space isn't just  
where the Moon is...  
It's all around you!

**IN FACT...**

There are places  
and spaces to explore  
right under your nose!

Grown-ups are  
always thinking about  
where they are  
going, or where they  
have been ...

But exploring space is all about  
where you are now!

When you go out -  
look around you...  
... What funny or  
interesting things  
do you notice?

Write them  
down!  
Draw them!

Explore them!

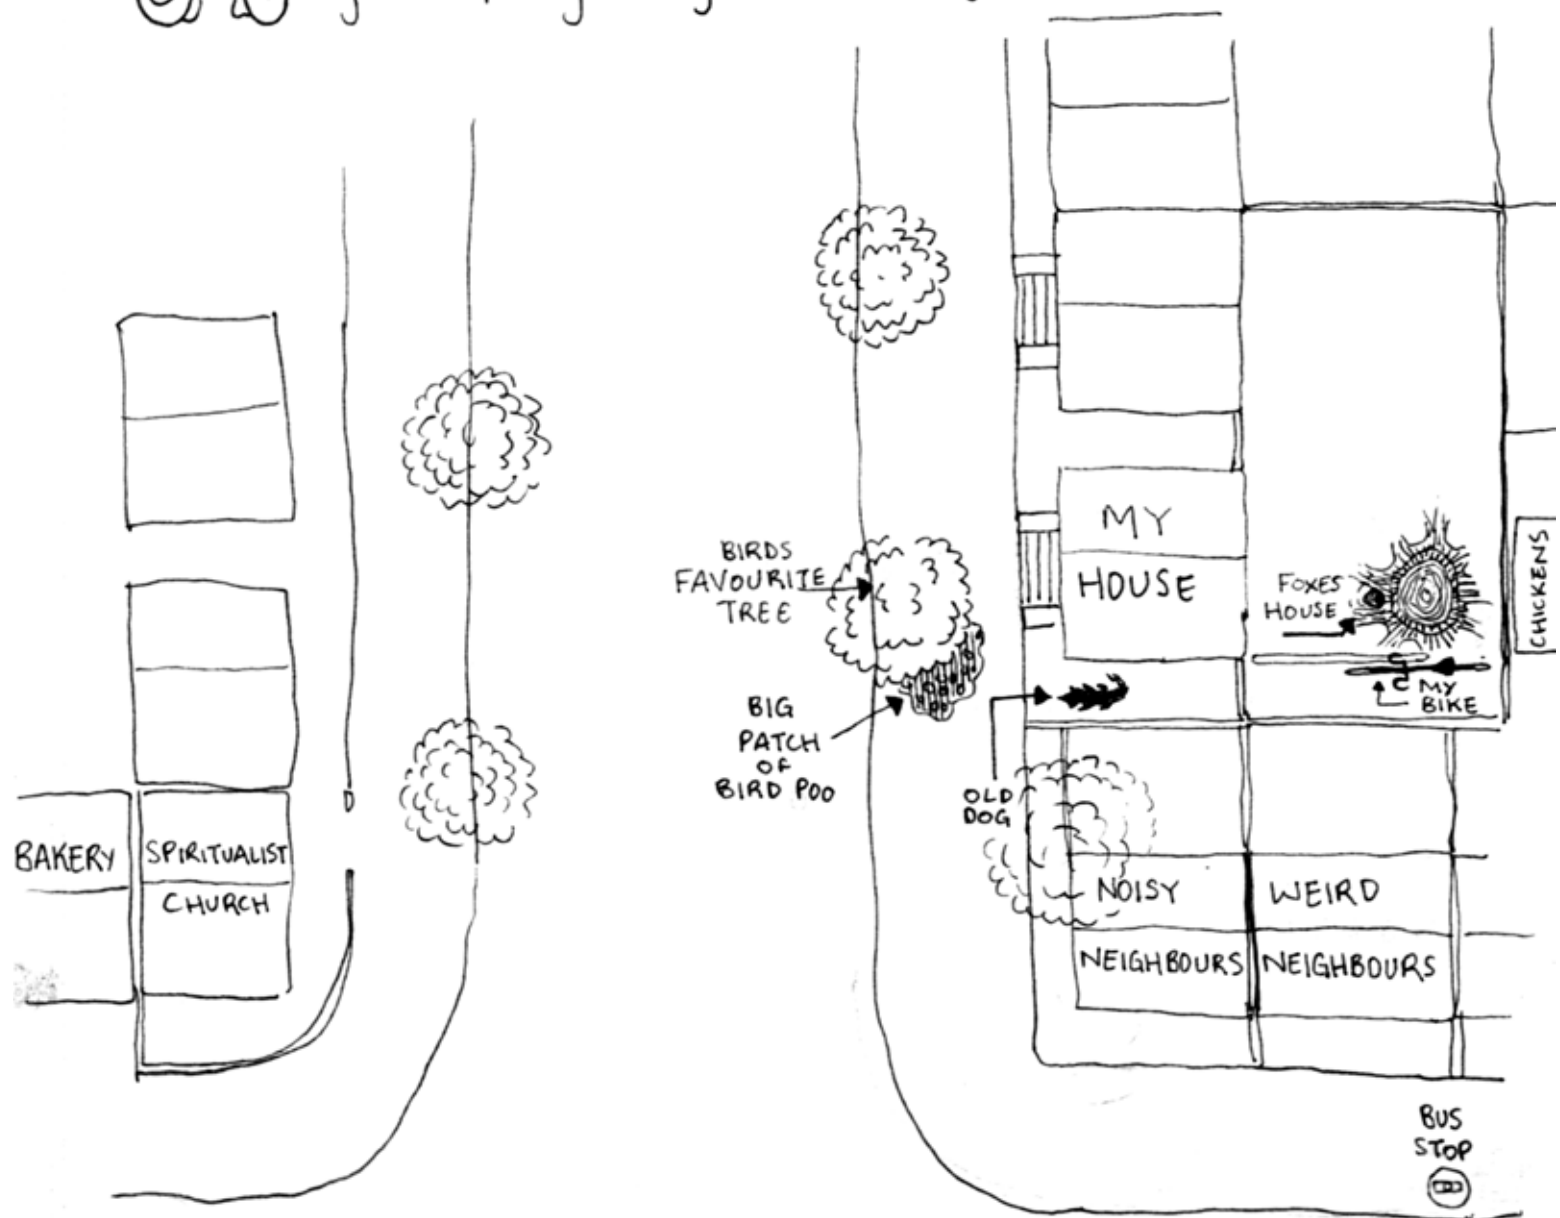

Why are some things included on maps,  
and other things left out?

If we included everything on a map, it would be  
very crowded and confusing! Choosing what to  
show on a map can make it easy to use, and fun to  
look at...

On the next page, draw a map of your  
street, or part of it...

(Think about what would be useful, or fun to show on  
your map ~ you might need to go out and look around...)

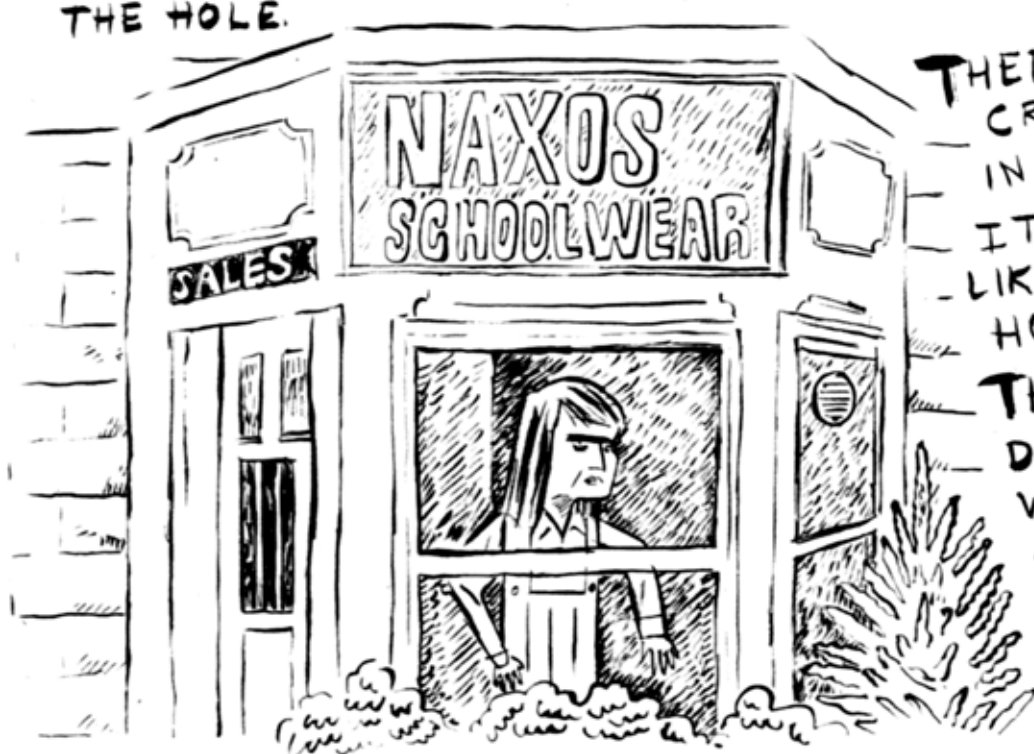

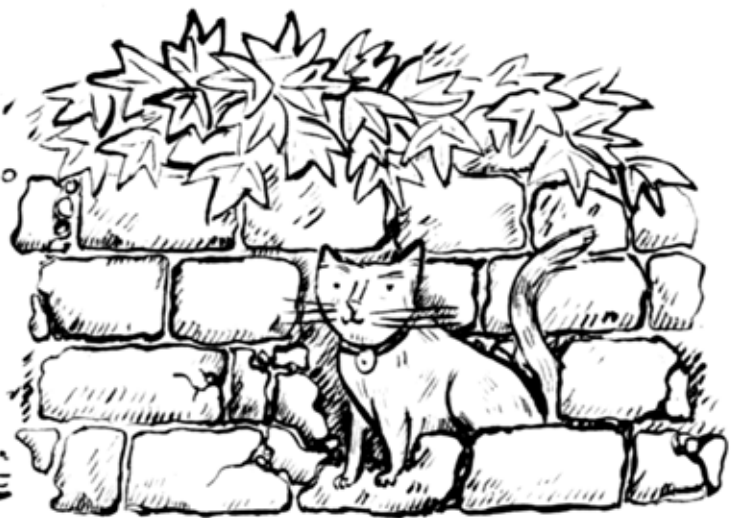

IS THERE ANYTHING  
INTERESTING OR UNUSUAL  
THAT YOU WOULD LIKE TO SHARE  
about WHERE YOU LIVE?

FOR  
EXAMPLE...

THERE IS A  
BRICK WALL NEAR  
MY STREET WITH A  
HOLE WHERE THE  
BRICKS HAVE CRUMBLLED.  
I OFTEN SEE THE SAME  
WHITE CAT SAT IN  
THE HOLE.

THERE IS A VERY  
CREEPY SHOP  
IN WOOD GREEN.  
IT LOOKS MORE  
LIKE A HAUNTED  
HOUSE.  
THERE IS A  
DUMMY IN THE  
WINDOW WITH  
A GREY WIG ON!

ON THIS PAGE  
DRAW & MAKE SOME NOTES  
ABOUT PLACES IN YOUR AREA

{ PLACES THAT YOU  
{ FIND INTERESTING }
